Assessment Evidence Form

The Assessment Evidence Form should include the sources of the assessment evidence being used and the rationale for the choice of evidence, the level of control under which assessments were completed (i.e. exam-type conditions would provide a high degree of control), and any other evidence that explains the determination of the final teacher assessed grades.

Outline the rationale for the choice of assessment used, i.e. why the evidence above was used and how it supported the grading decision:

All three assessments mirror what students would have faced in 'normal' situations. The papers were split up and each module tested at different times. A module was taken out due to exam board guidance, reducing the assessments from 4 to 3. The assessments collectively test a range of skills taught in the course.

These assessments have been chosen as they are believed to be the fairest representation of the student's performance across the subject.

All evidence has been completed using past exam questions and marked using official mark schemes provided by the exam board.
