## Info Tree Solutions

### Owner

Venkatesh Akula

### Business Description

*"My business, Infotree Solutions, is a Global IT Consulting and Business Services company specialising in providing technology and business services to all size companies. Infotree provides top-quality consulting services in the area of ERP implementation, application development, remote database administration, training, data warehousing and e-commerce solutions that best fit the needs of each client. We commit to working with clients to determine the most effective means of achieving maximum benefit through the appropriate combination of technologies.*

*Our technical support staff has in-depth knowledge and experience with software products and tools to maximize system efficiency. The technical support available to our clients for any project is far more extensive than what can be provided by the average consulting firm. We are equipped to provide client specific, quality and reliable services with our offshore technology in India and our offices in UK and Europe, We have implemented a Global Offshore Model to provide 24/7 Services to our global clients."*

### Why I Chose Hayes Business Studios

*"I have had a lot of support and information through Hayes Business Studios. For instance I worked with West London Business on my website and they gave me some great feedback. I have developed it as a result and it now supports my business more effectively.*

*The studios are ideal for new businesses - clean and neat, and cost-effective. One of the benefits is that we can use the meeting rooms on a flexible basis, for example if we need somewhere to meet clients."*
