

# Uxbridge College

IN OUR SECOND CASE STUDY, DERRY MOODY, HEAD OF HAIR, BEAUTY & HOSPITALITY AT UXBRIDGE COLLEGE EXPLAINS THE BENEFITS THEIR HABIA MEMBER SCHOOL MEMBERSHIP HAS BROUGHT THEM.

Working in line with Habia's philosophy of teaching skills at the highest standard, Uxbridge College aims to turn out the best young hairdressers, beauty therapists, and salon managers. Our industry-standard facilities in the Distinction salons mean trainees learn in optimum conditions, including with real clients. The salons attract a loyal client base who use all the hairdressing and beauty therapy services offered on the high street, provided by fully-supervised trainees at highly competitive prices.

**“As a Habia Member School, Uxbridge College’s top priority is excellence in hair and beauty training.”**

As the sector skills body for the hair, beauty, nails and spa industries, Habia leads the way in setting standards for qualifications in the sector offered by Uxbridge College and other training organisations, including NVQs, Apprenticeships and Diplomas. The Distinction salons at Uxbridge College's Hayes Community Campus have recently benefited from a

refurbished reception area, providing a more modern and welcoming feel for clients.

Uxbridge College, which is based in West London and has an outstanding rating from Ofsted, offers the widest choice of routes to industry success. These range from teaching students full-time or part-time on site, to working with employers who are training stylists on the job. Our links with employers also help us keep our courses in line with the needs of the industry, and every year Uxbridge College trains around 450 hairdressers and beauty therapists. We have been number one college in London for teaching young people for five years running out of the capital's 34 learning providers.

Uxbridge College, which has a total of 10,000 full-time and part-time students, is all about helping our students be the best they can. As well as achieving recognised qualifications, trainees are given a range of other opportunities. These include testing their skills by competing in internal and external competitions, and challenge their creativity in total-look show events.”
